# CONGRATULATIONS!

You're getting married! And your wedding day is going to be wonderful. Your friends and family will all be there. They'll be excited for you and want to celebrate this amazing new chapter in your life.

But every wedding has the inevitable downtimes, like while you and your new spouse get pictures taken after the ceremony. Your guests stand around and wait. Many of them don't know each other. The conversation is awkward, and some are alone, bored, or checking their phones.

*What if there was a way to spark conversation and keep everyone entertained at the same time?*

That's where I come in. I'm an award-winning magician based in the San Francisco Bay area. I help wedding couples make their receptions entertaining for their guests. Using sophisticated magic, clean humor, and engaging guest interaction, I provide entertainment packages that give my clients' weddings that something *extra* they crave... the WOW factor.

Magic delivers the  
**“WOW FACTOR”**  
that makes your wedding  
day even more fun and  
memorable for your guests.

*But don't just take my word for  
it. See what some of my past  
wedding clients had to say...*

## TARA TARRAB

*Bride • 8/28/22 • Los Gatos, CA*

David performed at our wedding cocktail hour and all our **guests couldn't stop raving** about how amazing his tricks were. Not only that, David brought an **amazing energy** and positivity to our event. He made us feel extra special as the bride and groom by doing a special trick for us and giving us a deck of cards to keep. **He absolutely elevated our cocktail hour** and we are so happy we had him play such a big role in our special day!

## SIMON LITTLE

*Groom • 6/4/22 • Glen Ellen, CA*

David is simply an **awesome entertainer** and all round human! He provided 2 hours of magic at our wedding and it was a blast. People were **laughing and crying out** during his performance because the magic was so good. But more than that—he is the kind of person you actually want at your wedding. Incredibly **warm, personable, funny**, respectful and socially aware. He looked after and entertained all our guests and children but was particularly sensitive to those who were there by themselves and made them feel included and comfortable. I can't recommend David highly enough—a **total gem!!**

## BRIDGET SWIFT

*Bride • 6/25/22 • Lafayette, CA*

We hired David to do strolling magic at our wedding reception, and **what a great decision** that was! From the very first correspondence and phone call, he was responsive, communicative, and personable. Everyone was **so impressed** with him, and he made so many people laugh and smile! People came up to us and kept saying how awesome he was, because it was so **unexpected and surprising!** He created the perfect balance between having fun while at a more formal event. Beyond the magic itself, he was very easygoing and friendly. He managed to entertain our guests without being imposing, and had strolling magic for all ages. He was punctual, prepared, and flexible. Highly recommend, would definitely hire him again for a special event! **What a great icebreaker** and it was socially engaging for all guests! A+++!!!

## CHRISTINE HO

*Bride • 5/18/19 • Oakland, CA*

We booked David 48 hours before our wedding because our original cocktail hour entertainment option was outdoors, and there was a 100% chance of rain. From the start, David's **genuine and kind personality** shone compared to the other vendors. He was **extremely responsive** and asked questions about the event so he could tailor his magic to it. We were initially skeptical about having a close-up magician at our cocktail hour, but it ended up being **one of the best decisions** we made. Honestly, having David around almost made us grateful for rain on our wedding day—otherwise we never would have had the chance to have him!

## ABOUT ME

My name is David Martinez, and I've been doing magic for 20 years. Today, it's my full-time job!

However, that wasn't always the case. For many years, I worked as a writer in advertising, marketing, and product development—including 17 years in various senior creative roles at Apple in Cupertino, where I helped launch dozens of products including various models of iPhone, iPad, and Mac.

Today, people hire me to bring delight and amazement to their important events: company celebrations, weddings, private parties, birthdays, festivals, team-building events, and more. Basically, anywhere people want to enjoy fun, sophisticated, surprising entertainment.

Over the course of my magic career, I've performed for some of the biggest companies in the world—including Apple, Google, Facebook, Amazon, Deloitte, Lyft, Uber, Comcast—as well as for hundreds of brides, grooms, spouses, and parents who bring me in to make their private events more special.

*But please don't delay. I perform at hundreds of events around the Bay Area every year, and my schedule is often filled months in advance.*

## VIVIAN WEI

*Bride • 6/29/2019 • Pleasanton, CA*

From the get go, David was extremely professional and responsive. What sealed the deal for me was that in our first email exchanges, he understood that the focus of the day would be on the wedding and making guests feel comfortable and happy during an otherwise awkward hour of mingling. I would hire David again for any event!!

## KEVIN BROTCHE

*Groom • 11/23/2019 • Morgan Hill, CA*

We're big fans of magic and loved the idea of hiring a magician for our wedding. David made it easy, he's very thoughtful, responsive, and professional. He went around doing close up magic in small groups during our reception and even did a trick for us when we entered. We heard nothing but good things from the guests, couldn't be happier!
